

# Dimmable 13W PAR30

## Features & Benefits:

1. 1 High Power LED
2. Replaces Standard 75W halogen or incandescent lighting
3. High luminous intensity output
4. Fully Dimmable
5. Long operating life - 50,000 hours life at 70% lumen output maintenance
6. Energy saving. Reduces energy consumption up to 85%.
7. Cool beam (no UV or thermal radiation)
8. Higher Energy Efficiency than Incandescent, Halogen, and Fluorescent lamps
9. U.L. Approved
10. ROHS Compliant

## Specs:

Parameter	Value	Unit
Power Spec:		
Input wattage	13W	W
Comparable power	90W	W
Current	480	mA
Life span	50,000	Hours
LED quantity	1	PC
Emitting color	Warm White (2700K, 3000K)	Kelvin
Input voltage	120V	V
Body temperature	<70	Degrees Celsius
Output luminous flux	760 lumens	Lumens
Beam angle	25, 40	Deg.
CRI	81	
Base	Medium base	E26
Diameter	3 1/2	Inches
Length	4 1/2	Inches

## Application:

Great for home use in recessed cans and track lighting systems, art galleries, cosmetic counters, coffee hall, restaurants, exhibition shows, art shows, jewelry stores, super market lighting and decoration - where UV or IR radiation is undesirable.

## Mechanic:

1. Advanced electronic white ceramic connector along with a superior aluminum alloy housing offers excellent heat dissipation.
2. Frosted glass cover gives an excellent spread of light while offering a standard incandescent feel.

## Emitting color:

Warm white (2700K, 3000K)

## Product Offerings:

Item #	Ordering Abbreviation	Wattage (W)	Color Temp.	Beam Angle
HPPAR30-27-25	PAR30	13W	2700K	25°
HPPAR30-27-40	PAR30	13W	2700K	40°
HPPAR30-30-25	PAR30	13W	3000K	25°
HPPAR30-30-40	PAR30	13W	3000K	40°
